Henry Cheney Hammer Co.,

Manufacturers of Handled Hammers,

FOR EXPORT,

FROM CRUCIBLE CAST STEEL.

LITTLE FALLS, N. Y., U. S. A.

IRONMONGERS, ATTENTION!

GENTLEMEN :---

Owing to improved methods in the manufacture of our Hammers, we desire to call the attention of the dealers in Ironmongery, to the Superior Quality of our **H. CHENEY HAMMER CO.** *Brand of Handled Hammers. All steel for which is specially made for this Brand.*

No reduction is made at the expense of the goods, in any particular, for the same High Standard of Excellence for which our Hammers have so long been celebrated, will be maintained. Nothing but the very best of "Crucible Cast Steel," made expressly for us, is used.

*We are aware that a strong effort is being made to push the sale of so-called cheap goods, but are they cheap in fact? The low price is all they have to recommend them. With such we do not pretend to compete. We do not make what is called "cheap goods," but we challenge the World in a comparison of our goods as to **Quality, Style and Finish**; these, considering their greater durability, make them the cheapest, in the end, of any Hammers in the World.*

Under the brand of "Standard" and "G. D. W." we put on the market a Solid Cast Steel Handled Claw and Machinist's Hammer, the superior of any other make, at a reduced price. (See Price List.)

Buy the Henry Cheney Hammer Co.'s Hammers if you would have the Cheapest and best.

*Please forward all orders for our Hammers through your **American** buyers same as formerly, and they will receive our best attention. All Hammers stamped "H. Cheney Hammer Co.," are fully warranted.*

Trusting for an increased trade with your house, we remain, Sirs,

Your Most Obedient Servants,
